In 2019, National Task Force on women in science, estimated that only 15% of the Indian research and development workforce are women and according to the UN Scientific Education and Cultural Organization (UNESCO) in 2020 only 30% of researchers worldwide are women.

Approximately 30% of all female students select STEM related fields in higher education.

Globally, as low as 3% of female students enrollment in ICT, natural science, mathematics and statistics (5%) and engineering, manufacturing and construction (8%).
